

Name: _____ Section: _____

Taxonomy - Bluebird Classification

1. Watch the online video *Tree of Life*. <http://prezi.com/kxssqgrt72w/introduction-to-diversity-all-pics/> (Click on the right pointing arrow at the bottom of the prezi window. The video will open.)

2. Chart the Classification of the Eastern Bluebird or Western Bluebird.

Classification - http://www.windows2universe.org/earth/Life/classification_intro.html

Use the [Animal Diversity Web site](http://animaldiversity.ummz.umich.edu/site/index.html) <http://animaldiversity.ummz.umich.edu/site/index.html>

Begin by documenting the appropriate Kingdom. On each webpage, select the link that applies to the Bluebird. **Before** you click on it, WRITE the name on this sheet.

You are building, step by step, a classification chart.

Two tips: *Sialia sialis* are perching birds that are related to thrushes.

Eukaryotes - (Protista, Plants, Fungi, Animals, Monera)

Taxonomy – classification of living things <http://anthro.palomar.edu/animal/default.htm>
