

Name:

Taxonomy - Bluebird Classification

Use the resources on the [Animal Diversity Web site](http://animaldiversity.ummz.umich.edu/site/index.html) <http://animaldiversity.ummz.umich.edu/site/index.html> to chart the classification of the Eastern Bluebird or Western Bluebird.

Begin by documenting the appropriate Kingdom. On each webpage, select the link that applies to the Bluebird. **Before** you click on it, WRITE the name on this sheet.

You are building, step by step, a classification chart.

Two tips: *Sialia sialis* are perching birds that are related to thrushes.

Eukaryotes - (Protista, Plants, Fungi, Animals, Monera)
